Be part of a live "on the road" recording of this national radio program and podcast, aired on the **Living Bread Radio Network**. **Open Your Hymnal** features hosts **ZACK STACHOWSKI** and **MATT REICHERT** in conversation with today's leading liturgical composers. Matt and Zack will engage us in music and storytelling and will welcome, for evenings two and three, acclaimed composer **MARTY HAUGEN**.

EVENINGS (7PM) - MUSIC AND STORYTELLING

Sunday, March 3: Our Musical Heritage

Stachowski and Reichert will lead us in an appreciation of the liturgical music that has shaped us over the past 50 years. They will draw upon their experience with **Open Your Hymnal**, having interviewed many of the composers who have written our most beloved liturgical songs, as well as their leadership as co-directors of the **One Call Institute**, which forms young musicians in the past, present, and future of liturgical music.

STACHOWSKI REICHERT

Monday, March 4: The Music of Marty Haugen

In evening two, Zack and Matt will be joined by legendary liturgical musician **MARTY HAUGEN**, composer of over 400 songs and compositions that have shaped our worship and spirituality, including **Gather Us In, Shepherd Me, O God**, and **All Are Welcome**. We will hear this conversation and music-making before it appears on a future Open Your Hymnal episode!

MARTY HAUGEN

Tuesday, March 5: The Future of Liturgical Music

MARTY HAUGEN will again be featured as we conclude with a celebration of where liturgical music is going - new styles, new ways of expressing our Gospel faith and singing our mission. Haugen will join with **STACHOWSKI, REICHERT**, and all gathered in this evening of song and reflection.
